Everything was perfect on this hunt. My wife and I had a great time, she had taken about 5 books to read while I hunted and she only read half a book as she decided to go hunting with me every day. She has better appreciation of the way hunts are done and how we respect the animals we kill. The lodging is outstanding too and the service is excellent. The quality of the animals is incredible. My red stag had 14 points and it was free range. There were thousands of animals everywhere. It was amazing to see them during the "brama" and fighting in the valley. One of the best hunts I have been on.
