Argentina is a beautiful country and I would plan on taking some extra days and tour the country. We took a side trip to Iguazu Falls which was well worth it. We also spent a few days in Buenos Aires. This is a perfect rip for families, the hunting is very good and shouldn't be difficult for anyone's ability level. Five Star.

## OVERALL ASSESSMENT

**Problems of Hunt:** No problems. All went as promised and side trips which they booked were great as well. Juan did a great job coordinating.

**Highlights of Hunt:** Chasing wild boar on horseback with dogs, seeing and staying at the different beautiful Estancias.

**Would You Recommend This Hunt to a Friend?** Yes

**Equipment Recommendations:** None, but plan on needing larger clothes on return.

**Why:** Gonzalo and his staff provided everything you could possibly want on a trip, the hunting can be custom designed to your ability and desires, from hiking great distances to sitting on stands. You do not have to be in great shape to hunt there, but as always it does help.
